

I currently listen to an FM station 96.1 K-LOVE. This radio station has made a positive impact on my life. It has brought peace, laughter and wholesome entertainment to me. I have no concern about poor values or wrong influences to myself or my family and friends while listening to this station.

I am requesting that this station not be displaced by an LPFM station. There are precious few decent radio stations to listen to, and this is one of the best I've found in a long while.

The American public needs encouragement and and positive messages, and that is what this station provides.
